

## **Notification for the Updated Branch Hours**

Dear Member

In 2014, with the objective of wanting to provide you with extended hours of in-branch over-the-counter services, we extended branch opening hours from 4:00pm to 6:00pm every Thursday evening. However, as a result of a lack of demand for in-branch over-the-counter services during the extended hours, effective Thursday June 8<sup>th</sup> we will be returning to our former branch opening hours on Thursdays ( closing at 4:00pm).

ATM and night depositary services are available at the branch, as well as online access to your accounts for most non-cash transactions can be availed of 24/7.

As always, we are open for appointment on evenings and Saturdays as requested. Do visit our website for further details.
