

How to: PIN your debit card.

If you have received a new debit card directly from your credit union, you will need to activate the Personal Identification Number (PIN) at the ATM. Below is a step by step guide to assist you with the process.

1. Insert your debit card.

2. Please select desired language.

Select your language.

3. Please enter your PIN. Press Enter/OK when complete.

Enter the temporary PIN number provided by your credit union. Press OK.

4. Would you like a receipt for your transaction?

Press Yes and you will receive confirmation you PIN has been changed.

5. Select a transaction.

Choose PIN change.

6. Please enter your new Personal Identification Number. Press Enter/OK when complete.

Enter the new a four-digit PIN number you would like to use. Press OK.

7. Please confirm your Personal Identification Number. Press Enter/OK when complete.

Re-enter your new four-digit PIN number (same as #6 above). Press OK.

8. Your PIN has been changed. Please remove your card.

You PIN has now been changed.

9. Take your receipt (which should indicate a successful PIN change). You may wish to test your new PIN by completing an inquiry transaction.
